Kashan Murtaza

Tech-Driven Growth & Operations Specialist

Lahore, Pakistan · kashanemurtaza9@gmail.com · Portfolio: kashanemurtaza-portfolio.vercel.app

PROFILE

Operations and digital marketing specialist with four years across e-commerce operations, product research, social media marketing and AI content creation. I work where technology, business operations, research and performance marketing meet, finding smarter ways to work and turning ideas into practical solutions. I combine AI tool integration, workflow optimization and content creation to help businesses run more efficiently and grow.

EXPERIENCE

Business Manager Current

Klarity · E-commerce, eyewear and optical products

- Coordinate day-to-day business activities and keep operational workflows running efficiently.
- Support online store operations, product listings and the overall customer shopping experience.
- Assist with order processes, customer inquiries and issue resolution.
- Organize the product catalog, product information and stock coordination.
- Research market trends and competitor offerings to find ways to improve business processes.
- Track operational activity and identify areas for improvement.

Digital Marketing & AI Content Creator 2026

Black Wolves

- Created AI-generated visual content and supported the company's digital marketing activities.
- Contributed to content research, creative development and production of digital assets aligned with brand and marketing goals.
- Used prompt engineering to produce on-brand creative quickly.

Operations Manager 2025 – 2026

Layesha

- Managed daily operations: order processing, inventory coordination, dispatch and order fulfilment.
- Handled customer inquiries, returns and cancellations, and kept accurate operational records.
- Streamlined daily workflows to improve efficiency and customer satisfaction.

Operations Manager 2025 – 2026

Zlenso

- Ran day-to-day e-commerce operations on Shopify: order confirmation, processing, fulfilment, dispatch and shipment tracking.
- Provided customer support over WhatsApp and managed returns, refunds and cancellations.
- Coordinated stock and inventory updates and resolved order issues to keep deliveries on time.

Digital Marketing Executive 2023 – 2024

Syncognix

- Planned and executed digital marketing strategies and managed social media content.
- Ran market and audience research and supported online advertising campaigns.
- Monitored campaign performance and engagement metrics to improve reach and brand visibility.

Product Management Executive, then Product Manager 2022 – 2023

Zewar-e-Fitrat

- Promoted from Product Management Executive to Product Manager.
- Led product and market research to support product selection.
- Managed product listings and the product lifecycle, and supported inventory with reporting.
- Fed content research into how products were presented and communicated.
